Everybody Loves Actively Learn!

“Actively Learn does what Newsela can’t. It enables teachers to provide real-time feedback and monitor the amount of time spent on an assignment, and it allows students to revise their answers. It provides in-depth, scaffolded, standards-aligned questions that engage and challenge the student as opposed to the 3-4 multiple choice questions normally provided by Newsela. Actively Learn also allows teachers to import their own content as opposed to just using what is already on the platform. I really enjoy Actively and so do my kids!”

LANEY GRADY, ELA Teacher, Clark-Pleasant Middle School, Greenwood, IN

Actively Learn has revolutionized our classrooms. The kids have developed stronger reading comprehension skills, and it has helped them be active learners.

CRISTY FRIEDRICH

High School ELA Teacher, Estrella Foothills High School, Goodyear, AZ

Actively Learn allows educators to have a universal curriculum with rich content to support student learning.

RACHEL SCHLECHTER

Director of Literacy and Social Studies, Valley View School District, IL

I love using Actively Learn to help students deconstruct complex texts. Embedded scaffolds and coaching help them stop and think.

LESLEY BURDINE

Social Studies Teacher, Rossview Middle School, Clarksville, TN

Though Actively Learn attracted our attention due to its benefits for our huge ELL population, it’s a program I’d love to use to reach diverse learners in any classroom environment.

STEVEN CARROLL

High School Teacher, International High School, Austin, TX

Actively Learn made it so much easier for me to see where my students were struggling. Students loved being able to look up words, respond to each other as they annotated or asked questions, and get feedback in a more timely manner.

STACEY WALKER

6th Grade Social Studies Teacher, Phillips Middle School, Chapel Hill, NC

Hands down, Actively Learn is one of my favorite platforms to encourage reading for depth.

JONATHAN OLSHAN

K-12 Technology Integration Coach, Warwick Middle School, Lititz, PA

I’m not one to jump on any edtech bandwagon, but thank God for Actively Learn.

MIKE LUTZ

History Teacher, Cumberland Valley High School, Mechanicsburg, PA

Actively Learn saved the content piece of my instruction when we closed buildings in the spring. It’s a lifesaver!!!”

RHIANNON DUNN

ELA Teacher and Mentor Tech Leader, Science Hill High School, Johnson City, TN
