

KEY SELLING FEATURES:

- 10+ years of efficacy studies showing dramatic Lexile® growth across grade levels and demographics.
- Content builds knowledge across subject areas differentiating for each learner’s precise reading level.
- With a focus on real-world application, *Achieve3000 Literacy* helps every student understand the power of literacy in daily life with its robust Career Center.

TARGET AUDIENCE:

Students in grades 3-12. Most commonly used with students in grades 6-12.

LEVEL OF SUPPORT:

- Tier 1 – Grades 3-12
- Tier 2 – Grades 4-12
- Tier 3 – Grades 6-12

BRIEF DESCRIPTION:

Adaptive, digital solution is proven to double and even triple expected learning gains for grades 3–12 students. Differentiated content, vocabulary, and learning scaffolds ensure equitable access, driving literacy growth and positive outcomes for all learners.

INSTRUCTIONAL METHODOLOGY:

Personalized instruction through adaptive technology and data-driven approach tailoring learning experiences to promote Lexile acceleration. Upon completion of LevelSet, the program determines a student’s Lexile level and continuously adjusts reading materials to match student abilities. This ensures that every student is reading texts that are challenging yet accessible, promoting literacy growth.

IMPLEMENTATION MODEL:

1-2 Lessons per week; 35-45 minutes

Flexible classroom implementation. *Achieve3000 Literacy* can be used in whole group instruction, small group instruction, and during independent work time. It’s most commonly used during independent work time to accelerate Lexile growth with little to no lift from the classroom teacher.

SHOW AND TELL:

Explore Achieve3000 Literacy as a Teacher

As a teacher, you have access to a variety of differentiated ELA, Science and Social Studies content.

- Filter and Search to show the variety of content
